

According to the Decision on regulated average tariff rate and tariffs for computational elements for performing transmission of electricity for the year 2020 by AD MEPSO – Skopje AP1 No.08-84/20 from 31.07.2020 adopted by The Energy and Water Regulatory Commission of the Republic of North Macedonia, the regulated average tariff rate for transmission of electricity for the year of 2020 is 0.1952 MKD/kWh.

According to the maximal allowed revenue (MAR) for regulated energy activity - transmission of electric power, the tariffs for computational elements on whose bases AD MEPSO, as a company that performs transmission of electric power, issues invoice for the use of the transmission system, are estimated:

TARIFFS FOR COMPUTATIONAL ELEMENTS		
maximum active power MKD/kWh	active power MKD/kWh	reactive power MKD/kVarh
9,5589	0,1757	0,0703

- **Public lightning 1.791 MKD/metering device**

This Decision enters into force on the day of its publication in the “Official Gazette of the Republic of North Macedonia”, and it ceases to apply from August 1, 2020 until June 30, 2021.
